

Selby District Council Precept consultation 2023-2024

As your Police, Fire and Crime Commissioner for North Yorkshire and the City of York one of Commissioner Zoë's statutory duties is to set the precepts for North Yorkshire Police and North Yorkshire Fire and Rescue Service, something every Commissioner must do every year.

This year, more than ever, it is important that Commissioner Zoë hears from as many people as possible. She knows that many individuals and families are facing challenging times, but so are our services, and Commissioner Zoe's wants to make sure that our police and fire services can continue to invest in the vital work they do for our communities to keep everyone safe.

It is never easy asking for more money, but any increase in funding will be considered carefully. Before setting the levels of precept for the two services, Commissioner Zoë would like to know your views on possible options.

The survey begins today Monday 5 December and is open until midnight on Monday 16th January 2022. The survey can be completed online at www.TellCommissionerZoe.co.uk

You can start the survey at www.TellCommissionerZoe.co.uk

If you have any questions, please do not hesitate to contact the Commissioner's office via email: info@northyorkshire-pfcc.gov.uk or phone: **01423 569562**
